

Barnsley Metropolitan Borough Council
Pre-Employment Health Screening
Part A: Occupational Health Exposure Profile (Engage ATS Users)

TO BE COMPLETED BY THE RECRUITING MANAGER

This section **MUST** be completed and sent to the Recruitment Team. If the Occupational Health Exposure Profile is not fully completed this will result in a delay in the recruitment process. This part of the process both informs the applicant (and the Occupational Health Unit) of the type of health hazards to which they may be exposed and guides the subsequent screening process for the position by determining whether the role is 'high risk' (as denoted by red shading below).
